Description

DJ & Music Producer | psytrance/psychill from psytrance progressive and ambient

Hailing from India, Paracontrol is a prominent figure in the psychedelic electronic scene. His musical journey began in the early 90s, driven by a deep fascination with electronic soundscapes. It wasn't until 2002, after experimenting with software like Reason, FL Studio, and Ableton Live, that his production journey truly took shape. He began producing music in 2007 and performing as a DJ in 2009.

Breakthrough: In 2013, his debut album was released under Liquid Frequency Records, marking the beginning of a steady stream of releases. Today, Paracontrol boasts a catalogue of 33 official tracks, each a testament to his intricate, hypnotic, and immersive style.

International & National Presence:
Since 2009, he has played across India in Goa, Bangalore, Kolkata, New Delhi, Kerala, Manali, Kasol, Gangtok, and more. His sonic influence has also reached Portugal and Nepal, where he performed at major festivals and clubs.
